

Jesus Came To My Birthday Party

The Middle East

Jesus came to my birthday party
When I was seventeen
I thought it was a dream
But I know I seen him standing there
With his long hair
I know I seen him there

That was a long time ago
And I haven't seen him in a while
Now I'm down in the city
And I think I seen him in the eyes
Of the strangers that pass
In the eyes of the poor

Jesus came to my birthday party
When I was seventeen
It was a long time ago

Jesus came to my birthday party
When I was seventeen
It was a long time ago

Jesus came to my birthday party
I thought it was a dream
But I know I seen him there

Jesus came to my birthday party
A long time ago
