

Turn on MTV, I see these  
Ladies in small bikinis  
Backwards reversing, I'm cursing  
At the way that the cheeks be bursting

Out of that thong, it won't be long  
Till the bum more famous than the face it belongs to  
Oh my god, look at her butt  
I got a big fat ass... we know

Sorry to be cheeky, I gotta butt in  
And ask a question  
How'd we exclaim when their names got an ass-in  
That's just asking for trouble

Like Nicki Minass, iggy Azaeli-ass, kim kard-ass-ian  
If you ratchet and you know it, clap yo ass

Watch that booty hit the floor  
Baby I'm an asstronaut

Nicky I got tickeys  
To go to your show  
You taught me I'm bound to get found  
If I act like a

You taught me my lovely lady lumps  
Are the key to success  
So I filled up my juicy booty  
With the fat from my breasts

Watch that booty hit the floor  
Baby I'm an asstronaut

Year of the booty... total eclipse  
Land on you like a rocket ship  
Gimme dat booty, gimme dat booty  
Gimme dat booty, pirate booty

Year of the ass... total eclipse  
Turn you round like a pancake flip  
Gimme dat ass, gimme dat ass  
Gimme dat ass, asstronaut
