

Begging

The Midnight Beast

Hey darling, let's not be coy
You're just a girl and I'm just a boy
He's just a boy that wants to have sex
Let us be serious, you could be next.

If you're lucky, you might fuck me
In a two bedroom flat, in Putney
Then you got with Ash
Woopdy Doo
Wasn't that your ambition to do?

Why don't you want him?
I got a perfect body baby
And if you want him
I even think that I would shave it
Got a super power
I can last for half an hour
We can misbehave

Oooo

Baby, when the world ends
You're gonna be begging me for sex
We'll be the only people that are left to resurrect
In civilisation
You're gonna be begging me for juice
We'll be the only people that are left to reproduce
So when the world ends, ends, ends

If you wanna role play with me
I'll part your legs
Like Moses to sea
I could be Adam
And you could be Eve
Lend me a bush, I'll plant a seed

That's offensive to religion

Oooo

But I just had a sensual vision
So?
I think we're subtle, I'll give a clue
I got a boner pick with you

Please I'm begging
For the sake of saving human kind
He's wearing jeggings
With the hope that it could make you mine
So don't be bitchy
They're kind of itchy
This could be our time

Baby, when the world ends
You'll never be able to say no
I'll be the only boy until you'll have to have a go
You're gonna be desperate

You're gonna be begging me for kids
We'll need to save the world so I won't have to use a lid

Then when the worlds ends
Wohh Ohh Oh
Oh baby when the worlds ends
Wohh Ohh Oh

So don't be frigid baby
You and me could have a baby
Come on baby, don't act shady
I'm your man and you're my lady

Baby

When the world ends
You're gonna be begging me for sex
I'll be the only boy who you have left to get erect
You're gonna be desperate
You're gonna be begging me for juice
We'll be the only people that are left to reproduce

So when the world ends
Wohh Ohh Oh
Oh baby, when the world ends
Wohh Ohh Oh
Baby when the world ends, ends, ends
Baby when the world ends, ends, ends
Baby when the world ends!
