

## Butt Dial

The Midnight Beast

She's tweeting me love hearts  
And telling everyone she knows  
Changed her relationship status  
And calling all my other girls hoes  
You thought my love was getting back in touch  
When you missed my call  
But it was just a butt dial, it was just a butt dial

Popped up in ya missed calls list  
She couldn't believe it,  
You thought I forgot you existed  
Our love had drifted, I must have missed it  
Why else would my calls have been coming in so persistent?  
You fantasize why I called you up  
Maybe I saw sense, realized that I fucked it up  
And want you back, how sweet is that?  
But you were unaware  
I had dialed ya digits, with my derriere

'Cause at 4am you were sound asleep  
It takes the cheek, that I would be dialing you with my bum cheeks  
Ya thought I wanted a deep chat  
Little did ya know that  
I'd hit ya number with my butt crack  
I hate to tell ya through song  
But this asshole's been leading you on  
This asshole's been leading you on

She's tweeting me love hearts  
And telling everyone she knows  
Changed her relationship status  
And calling all my other girls hoes  
You thought my love was getting back in touch  
When you missed my call  
But it was just a butt dial, it was just a butt dial

Baby girl, here's the thing  
If you're like most other girls  
You'll expect a ring, and you got one  
But not the sort that you thought you'd be getting  
Sorry if my tone's upsetting  
Do you get it? I said tone like a ringtone  
I guess we were engaged in a way  
Meaning my butt to your mobile phone  
It don't know how to quit  
I bet that you think that my butt is full of shhh...  
(And it is... 'cause it's a butt)

She's tweeting me love hearts  
And telling everyone she knows  
Changed her relationship status  
And calling all my other girls hoes  
You thought my love was getting back in touch  
When you missed my call  
But it was just a butt dial, it was just a butt dial

You and my butt, could get married

And little butthole children, you could be carrying girl  
There's enough of me to go round

You'll live in a house, in the countryside  
You'll look after the kids and my butt'll provide for you girl  
In a stable job like an accountant  
Or a lawyer, or a doctor, or a dentist

She's tweeting me love hearts  
And telling everyone she knows  
Changed her relationship status  
And calling all my other girls hoes  
We used to date and those times were great  
And you gave good head  
But it was just a butt dial, it was just a butt dial
