How does it Start?!  
How the hell did I get here?  
Where the fuck did I come from?  
Clicked the thumbnail that popped up  
Justin Bieber flavoured condom  
Some dumb motherfuckers, they all telling me stuff  
That I don't wanna know  
Nothing that's condom related  
What flavour would Justin have been now I won't fucking know, Shit.

I've wasted an hour  
Jacking off to Zoella  
Not tryna be fickle, I swear the thumbnail showed a nipple  
But she's fully dressed in a top shop dress  
She was paid to wear  
It's my cross to bare  
If I see a sick pic, I'ma click on there  
If I see a sick pic, I'ma click on there

Clickbait, clickbait  
We shot a porno and almost died  
Clickbait, clickbait  
These glasses cured my colorblind -ness

Have you ever felt lied to before  
By a YouTuber you adore  
The thumbnail looks like they're going to open some doors  
But when you open them, it's not what you thought  
You saw boobies in the thumbnail (itty bitty titties)  
Hands down your pants, you're about to fail (ohhh)  
You're waiting for skin, but 10 minutes in  
You realize it's a video they ain't even in

You've just been got  
Hook, line, and sinker  
You're whole expectations were based on a picture  
They tricked ya  
Versachi, versachi, versachi, ver-

Daz. DAZ.  
Get back to the point mate  
[Daz:] Alright, sorry

It's just a way for them to be richer

But quicker, gives me the fuel for this rhyme to be sicker  
I'm sick of the shit that they give ya (give ya, give ya...)

Your time is up, you better start running (running, running, running)  
If I don't see no boobs, them I am unsubbing (subbing, subbing)

Clickbait, clickbait  
Nipple slips and killer clowns  
Clickbait, clickbait  
If you like this vid, I'll shout you out

Look kids  
Lemme break it down  
How I'm ripping you off  
Flipping you off  
Ticking the box  
And you're sat sucking my cock  
Guzzling vlogs  
Waiting for a pointless blog to drop

But nothing really happens  
But I spun it right in the blink of an eye  
You deleted 5 hours of your life  
You deleted 5 weeks of your life  
You deleted 5 years of your life

Midnight beast are jealous fags  
Hit them with a double dab  
Parents money in the bank  
Tuning for my 80 wanks  
I need your likes so I like myself  
Attention is good for my mental health

So bend me over and fuck me twice  
I'll do anything for my fans if the price is right

Clickbait, clickbait  
My dog just died  
I broke my leg  
Clickbait, clickbait  
I grew an arm out of my head  
Clickbait, clickbait  
How many babies can I kick?  
Clickbait, clickbait  
I caught a fish  
With my dick baby  
Clickbait, clickbait  
I almost died in an Uber car  
1 star  
Clickbait, clickbait  
I got arrested at Coachella  
Clickbait, clickbait  
I bought a Lamborghini  
Because I'm rich as fuck  
Clickbait, clickbait  
Zoella threw her shit at meee
