

Gettin' High

The Midnight Beast

Got an appointment
With Puff the magic dragon
There' be only three seats
On the weed wagon

Smoke till we're green
Smoke till we're faded
Hope mum got the snacks in
'Cause dat fridge be getting raideeeeeeed

Salad? Saalad fucking sucks
Order three, double cheese, pepperoni stuffed crusts (tip the driver)
...Taking turns, to keep a watch
'Cause we don't want the po po police showing up

Grown ups be jealous, 'cause my life is careless
Fuck work the next day, we smoking that high grade
Erry day is wake n bake, mum's like fo goodness sake
Well you know what mum...
I'm in my mid-20's and I'll do what I like

Getting high every night
Getting high every night
Blazing till morning light
Getting high every night

Getting high every day
Getting high every day
Erry' day's a holiday
Getting high every day

Good times
High fives
Maximum respect vibes
Three guys
Drive by's
Eye drops for red eyes
Light it up and take a hit
Don't be hoggin' pass the spliff

Skate to our dealer
Do a kickflip
He's impressed, so he gives us a discount
He's our friend and he be dealin' drugs
But we be dealin' punches if our dealer dealin' duds

Get those lips ready to suck on that paper
Sharing is caring, inhaling that vapour
We rollin' it fat boy, we're cramming it in
Father forgive us for all of our sins

Getting high every night
Getting high every night
Blazing till morning light
Getting high every night

Getting high every day

Getting high every day
Erry' day's a holiday
Getting high every day
