

Walk With Us

The Midnight Beast

Hey Ash, do you know what we're going to do today?
No Stef, what are we going to do today?
I have no idea
Let's go wherever our legs take us
Yes Stef, let's walk!
Wow, walking's fun

Walk with us
Through London Town
It's full of fun
So don't bring us down

Walk with us
Don't be a Scrooge
We feel so gay (meaning happy)
And there's a cat!

So I haven't Dru in a while
Maybe he's sleeping?
At one in the afternoon?
Sorry Ash

Hey there he is!
How's it going?
I haven't seen you for a day

Last night I was holding up the chemist (why?)
To score me some drugs motherfucker
I dropped twenty whole bottles of calpol
Before throwing up all over
Then the police came, I shot them (why?)
To score me a car motherfucker
I drink drive, get high, fuck ho's all night
And if I meet your mum I won't be polite
That's right
Ya bitch

Dru, you've changed

Walk with us
Through London town
Now we've found Dru
Dru got found

Walk with us
Our song is done
So long, farewell!
To everyone
Bye!
