

Gloria

The Midnight

Oh, Gloria
I feel so much better
I feel so much better today
And it's not the drugs
And it's not the weather
I just feel so much better today

I've been asleep in the driver's seat
I've been lost in my head for weeks
Tryin' to find what it is I need
Too god damned tired to sleep

And then there were other times
I'm so aware that I lose my mind
And I feel that I could get enough
So high that I can't stand up

Oh, Gloria
I feel so much better
I feel so much better today
And it's not the drugs
And it's not the weather
I just feel so much better today

There are those who will never learn
Who build a fire and can't stay warm
The only secret to make it through
Is to take what's in front of you
I feel death and it thrills me
And all the lights in front of me
Drive 'til the coast is clear
Fight until it disappears

Oh, Gloria
I feel so much better
I feel so much better today
And it's not the drugs
And it's not the weather
I just feel so much better today

Oh, Gloria
I feel so much better
I feel so much better today
And it's not the drugs
And it's not the weather
I just feel so much better today

Oh, Gloria
I feel so much better
I feel so much better today
And it's not the drugs
And it's not the weather
I just feel so much better today

I've been asleep in the driver's seat
I've been lost in my head for weeks
Tryin' to find what it is I need

Too god damned tired to sleep
