

Jason

The Midnight

Keep on running (Keep on running)
Keep on running

He comes alive in metropolis lights
When the music's way too loud
Deep in the night, it's easy to hide
And he's got it all figured out
White satellites getting lost in his eyes
But to him, she's just another girl
Roll with the tide like the wind and the sky
And he'll only let you down

Oooh, Ooh, Ooh, Ooh
Oooh, Ooh, Ooh
Oooh, Ooh, Ooh, Ooh
Oooh, Ooh, Ooh
Oooh Jason
Tell me what you're chasin'
Because the night will never give you what you want
Oooh Jason
And if you can't escape it
I hope you find whatever you've been looking for

Where do you go in a town full of ghosts
And everybody knows your name
And all the homecoming queens in the
Small town scenes they'll offer you a place to stay
Some want forever instead of whenever
When they're naked in the light
It's a strange little potion but sometimes
The motion almost makes you feel alive

Oooh, Ooh, Ooh, Ooh
Oooh, Ooh, Ooh
Oooh, Ooh, Ooh, Ooh
Oooh, Ooh, Ooh
Oooh Jason
Tell me what you're chasin'
Because the night will never give you what you want
Oooh Jason
And if you can't escape it
I hope you find whatever you've been looking for

And I'm gonna keep on, keep on, keep on, keep on
Keep on running
Keep on running
And I'm gonna keep on, keep on, keep on, keep on
Keep on running
And I'm gonna keep on running

Oooh, Oooh, Oooh, Oooh
Oooh Jason
Tell me what you're chasin'
Because the night will never give you what you want
Oooh Jason
And if you can't escape it
I hope you find whatever you've been looking for

Ooh, Ooh, Ooh, Ooh
Ooh, Ooh, Ooh, Ooh
Keep on running
Keep on running
