

Sunset

The Midnight

I just feel like I've been stuck here my whole life
There must be something else out there, waiting, you know? Just for us
We could run away
Just leave... Never look back
I don't even care where we go
Just far away from here
I'll come with you

Faked our deaths
Lit a match
Closed the door
Waited for the flash
Greyhound Station, we paid in cash
Miss Lazarus, we're coming back

They say it's darkest before the dawn
We've been in this town for far too long
They say it's darkest before the dawn
We're moving on, we're moving on, we're moving on

Sunsets, no regrets
First chance last dance
Stuck in the middle
Even bad girls know good love
You taste so sweet it hurts a little

Make our home where we stand
One suitcase
And half a plan
Follow the words
And sing along
Past the voices
To the song

They say it's darkest before the dawn
We've been in this town for far too long
They say it's darkest before the dawn
We're moving on, we're moving on, we're moving on

Sunsets, no regrets
First chance last dance
Stuck in the middle
Even bad girls know good love
You taste so sweet it hurts a little

Sunsets, no regrets
First chance last dance
Stuck in the middle
Even bad girls know good love
You taste so sweet it hurts a little
