

## Certain Things

The Mighty Mighty Bosstones

You know, I almost bought a gun  
After all I've said and done  
If you don't know me or you don't know me by now  
Certain things I won't allow  
And certain things are certainly  
Not so certain now to me  
If you don't know me or you don't know me by now  
Certain things I won't allow

If there's a won't then there's no way  
There's certain things I heard you say  
And you can take your time, I've got all day  
Just don't turn your back on me  
And please don't walk away  
I hope it all turns out okay

And so you are your father's son  
He was loved by everyone  
They took him away from us, he wasn't theirs to take  
Certain things are still at stake  
And certain things are certainly  
Not so certain now to me  
They took him away from us, he wasn't theirs to take  
Certain things are still at stake

Where there's a will there's still a way  
There's certain things I heard you say  
And you can take your time, I've got all day  
Just don't turn your back on me  
And please don't walk away  
I hope it all turns out okay

Just don't turn your back on me  
And please don't walk away  
I hope it all turns out okay
