

# X'mas Time (It Sure Doesn't Feel like It)

The Mighty Mighty Bosstones

It's the twentieth of December  
A cold rain is fallin' down  
Kenmore Square's deserted  
The college kids have left town

Sure don't feel like Christmas time  
Sure doesn't feel like Christmas time,  
(2x)

To me

Down in Filene's Basement  
Pretend I'm shoppin' for a friend  
This time of year means nothing  
You've got nothing you can spend

Sure don't feel like Christmas time  
Sure doesn't feel like Christmas time  
(2x)

It's the holiday season  
And it's freezing cold  
No one'll have me, I'll have no one to hold  
I'll have no halls to deck, I've got nowhere to be  
It sure doesn't feel like Christmas time to me

Now I'm standing in Downtown Crossing  
And I've got nowhere to go  
I might sleep here on the sidewalk  
I'm tired and cold

The colored lights on the Common  
They don't shine so bright for me  
There's no such thing as peace on earth  
There's no peace or harmony

Sure don't feel like Christmas time  
Sure doesn't feel like Christmas time  
(2x)

It's the holiday season  
And it's freezing cold  
No one'll have me, I'll have no one to hold  
I'll have no halls to deck, I've got nowhere to be  
It sure doesn't feel like Christmas time to me
