

I've Been Loving You

The Milk Carton Kids

I've been loving you the way I wanted to
The way I thought that you wanted my love
I've been loving you, been loving you
All along

But the light has come to me, I see
I've been loving you, been loving you
All wrong

Try to believe I love you
In the night how I cry, I cry of you
I've been loving you, been loving you
All wrong

I cry
I cry
I cry
I cry
