

## Dancin' Holiday

The Miracles

I can't forget the way we danced  
We found romance the way we danced  
The music played and never stopped  
When we were at the record hop  
We danced the Limbo beneath the moon  
And then I loop-de-looped with you  
We tried the Hully Gully and the Bird  
And all the new stuff that we heard

We had a dancin' holiday  
We had a dancin' holiday  
We had a dancin' holiday  
We danced our hearts away  
Let me tell you now, oh

We had a dancin' (Holiday)  
Don't you know we had a dancin' (Holiday?)  
Yeah, we had a dancin' holiday  
We danced our hearts away

I can't forget the way we danced  
We found romance the way we danced  
Sam and Jim tried to cut in  
But you were mine and not with them  
The records spinned around and 'round  
We tried Mashed Potatoes and then the Bounce  
And then they played a real soul twist  
The evening ended with a kiss

We had a dancin' (Holiday)  
Don't you know we had a dancin' (Holiday?)  
Yeah, we had a dancin' holiday  
We danced our hearts (Away)

One more time  
We had a dancin' holi... (Day)  
Everybody had a (Dancin' holiday)  
Yeah, we had a
