

Father Dear

The Miracles

Father dear, your daughter's done fell in love
Father dear, your daughter's done fell in love
I'm still your little baby but I need a different kind of love

Father dear, I've got a right to pick
Doctor, lawyer, or a country hick
Father dear, don't be so low
But my love came down and I've got to go

Mama, mama, make daddy understand
Not every day you find the right man
Mama, mama, tell daddy he's still my ace
But love is making it a mighty close race

Father dear, your daughter's done fell in love
I'm still your little baby but I need a different kind of love

Mama, mama, make daddy understand
Not every day you find the right man
Mama, mama, tell daddy he's still my ace
But love is making it a mighty close race

Father dear, your daughter's done fell in love
I'm still your little baby but I need a different kind of love

Oh yeah, I need a different kind of love
Uh huh, I need a different kind of love
