

I Need a Change

The Miracles

Uh-huh, huh (I need a change, I need a change)

Uh-huh (I need a change, I need a change)

I need you baby (I need a change, yes I do, I need a change)

Being away from you just won't do

I still love you baby (I need a change, yes I do, I need a change)

And I'm tired of being sad and blue

I need change, woah baby, hey yeah

If you still love me

Won't you please let me know somehow?

'Cause I need to be with you

And I need to be with you right now

I need a change, woah baby

I need to be right there with you again

So we can do again like we used to do

I'll never get no one to take your place

I'll just have to face life without you

Unless you let me come on home

I'm tired of being all alone

Baby, see if you can arrange

For me to see you 'cause I need a change

Yeah, just let me know, baby

If there's pain and trouble standing by

Come runnin' home

Gonna let you know the reason why I need a change

'Cause a change would do me good

I need a change 'cause a change would do me good

I need a change 'cause a change would do me so good

So good, so good, so good
