

That's The Way I Feel

The Miracles

Feelin' like I need you baby
Just like the day needs light
To make my life seem right
That's the way I feel

Hey, pretty baby
I'm lost 'til you get back
Like a needle that's lost in a haystack
That's the way I feel

Well, now you've got me crying
Oh boy I'm feeling so bad
This lonesome feeling is drivin' me mad

Feelin' like I need you baby
Just like the night needs the stars
Gonna let you know that wherever you are
That's the way I feel

Hey pretty baby, baby
I'm lost 'til you get back
Just like a needle that's been lost in a haystack
That's the way I feel

Oh, you've got me crying
Oh boy I'm feeling so bad
This lonesome feeling is drivin' me mad

Feelin' like I need you baby
Just like the day needs light
Girl, to make my life seem right
That's the way I feel

Hey pretty baby, baby
I'm lost 'til you get back
Like a needle that's lost in a haystack
That's the way I feel

Well, now I feel like a bird that's been taking from flight
I worry all day and I cry all night
Feel like a fish moved from the sea
There's no explaining the hurting in me
Oh baby, yeah yeah yeah
Don't you know it now, baby
