

Witch Hunt

The Mob

Stubbing out progress where seeds are sown
Killing off anything that's not quite known
Sitting around in a nice safe home
Waiting for the witch hunt

Idle plans for the idol rich
Knitting the economy, not dropping a stitch
Destroying anything that doesn't quite fit
Waiting for the witch hunt

Still living with the english fear
Waiting for the witch hunt here
Still living with the english fear
Waiting for the witch hunt here

Changing your course for another way
You better stop that or be willing to pay
Never mind son, you'll come around some day
Under pressure from the witch hunt
