

The Beach

The Modern Lovers

One two bang bang bang

Well, the beach be one of the best things we got
Cause it's not what you have on but what you not
No more silly clothes for you
No more shoes no necktie too
And the beach be one of the best things we got

Well, now the beach be one of the best things there be
Well, the fashion show is there for you to see
See whose bum you like the best
See who's got a hairy chest
And the beach be one of the best things there be

Ok, start up the car

Rim a nim a nim a nim a nim a nim a nim a nim
We're going to the beach get started
Rim a nim a nim a nim a nim a nim a nim a nim
We're going to the beach get started

I say the beach be one of the best place to go
I say the beach be one of the best things that I know
Cruddy sugar lemonade, but I love people when they're on parade
And the beach be one of the best things that I know

Well, start up the car

Rim a nim a nim a nim a nim a nim a nim a nim
We're going to the beach get started
Rim a nim a nim a nim a nim a nim a nim a nim
We're going to the beach get started

I said the beach be one of the best things we got
Where it's not what you have on but what you not
And I want that stink and I want that sweat
In fact the beach be better than most things get
In fact the beach be one of the best things we got
Where it's not what you have on but what you have not

Cruddy sugar lemonade, but I love people when they're on parade
And the beach be one of the best things we got
Where it's not what you have on, it's what you have not
