

Practice Makes Perfect

The Moffatts

Every time that gave in, gave up
Swore that I had had enough
I ended up broken on my knees

When every love felt like a game I couldn't win
And I found the strength to start again
And keep believing

Every time I smiled when things got tough
Push myself and wouldn't stop
I was finding out what I was made of

We've gotta learn to live somehow
It might hurt right now

But practice makes perfect
Yah and it's worth it
There's nothing you can do
You can run, you can run all day
Try to hide trouble's gonna find you any way
It's alright don't be afraid
Practice makes perfect

When there was no one there to take my hand
Pull me out of the quicksand
And get me on my feet

I had to find a way to rise above the fear
That tried to pull me under
Yah I fought those demons tooth and nail

We've gotta learn to live somehow
It might hurt like hell

But practice makes perfect
Yah and it's worth it
There's nothing you can do
You can run, you can run all day
Try to hide trouble's gonna find you any way
It's alright don't be afraid
Practice makes perfect

Get a little closer everyday
To finding our way

Practice makes perfect
Yah but it's worth it
There's nothing you can do
You can run, you can run all day
Try to hide trouble's gonna find you any way
It's alright don't be afraid
Practice makes perfect

You can run, you can run all day
Try to hide trouble's gonna find you any way

You can run, you can run all day

Try to hide trouble's gonna find you any way
