

# I Don't Wanna Go

## The Moments

Lately I been Known  
For making up excuses  
And all too many times  
Wondering what the use is now  
Nothing like it used to be  
When you and me  
Were all I ever dreamed of

Dreams just don't come true  
Just the way you planned them  
And looking back in time  
I still don't understand just how  
The feeling comes and goes  
And before I start to lie  
I want you to know

[Chorus]  
I Don't wanna go  
But I can't stay here no more  
I don't wanna go  
Cause it just ain't like before  
I don't want you to love me  
And ohh how I wish I  
Loved you like I did  
Honey you know I did

Did we turn away  
Just when we saw it coming  
And could we have been saved  
Or would we still  
Be running scared  
The space became so wide  
That no matter how I tried  
There was just no place to hide

Ohh Baby

[Chorus]  
I Don't wanna go  
But I can't stay here no more  
I don't wanna go  
Cause it just ain't like before  
I don't want you to love me  
And ohh how I wish I  
Loved you like I did  
Honey you know I did

Repeat 2x

[Chorus]  
I Don't wanna go  
But I can't stay here no more  
I don't wanna go  
But it just ain't like before  
I don't want you to love me  
And ohh how I wish I  
Loved you like I did  
Honey you know I did

I Don't wanna go  
But I can't stay here no more  
I don't wanna go  
But it just ain't like before

I Just  
(But I can't stay here no more  
I don't wanna go  
But it just ain't like before  
I don't want you to love me)  
I Just  
(I don't wanna go  
But it just ain't like before)

I don't wanna go  
But it just ain't like  
Just like before
