

## Highway

The Moog

This song is for art  
And for the money  
It's not funny  
It's the music business

'Cause this country is too small for me  
I wanna be roaming free  
On the highway baby  
On the highway baby

This song is for drugs  
I take many  
'cause I'm on the stage  
I don't pay for any

'Cause this country is too small for me  
I wanna be roaming free  
On the highway baby  
On the byway baby

Listen to me now,  
I sing what I want, hear the guitar now
