

Don't Say Goodbye

The Moonglows

Don't say goodbye
Don't even try
For you are my love
The only love
I'm dreaming of

Don't say goodbye
You make me cry
For you are my thrill
The only thrill
I'll tell you why

I'll miss a kiss, that just missed
In the middle of the night (of the night)
Oh don't you know that your touch means so much
When you're holding me tight (me tight)

Don't say goodbye
I told you why
Can you see you're meant for me
Don't say goodbye

Don't ever say goodbye
