

## Foolish Me

The Moonglows

Oh foolish me  
For loving you so  
Yes I am in love so much  
For that no-whoa  
Oh foolish foolish me  
For playing the part  
That you you got away  
And break my heart

I loved from the start  
And now that we're far apart  
I was blind blind but now I see  
I reach every day  
All I do is thoughts and pray  
For your return  
Oh foolish me  
For being so blind  
Now I got out of my mind  
Oh foolish me  
Oh oh  
Foolish me
