

Mean Old Blues

The Moonglows

Sometimes I'm good
Sometimes I'm bad
Sometimes I'm happy
Sometimes I'm sad
Ain't it a shame
So much misery and pain
Maybe someday I'll drive these mean old blues away

Sometimes you're here
Sometimes you're gone
And I know what's going on
Ain't it a shame
So much misery and pain
Maybe someday I'll drive these mean old blues away

Don't try to tell me your troubles cuz
I've been drinking and a seeing double
You got me doing like a sputnik
Going round and around and around
Is you with
Is you ain't
You say did
I say ain't
Ain't it a shame
So much misery and pain
Maybe someday I'll drive these mean old blues away

Don't try to tell me your troubles 'cause
I've been drinking and a seeing double
You got me doing like a sputnik
Going round and around and around
Is you with
Is you ain't
You say did
I say ain't
Ain't it a shame
So much misery and pain
Maybe someday I'll drive these mean old blues away
Way-hay-hay-hay-hay-hay
Maybe someday I'll drive these mean old blues away
Way-hay-hay-hay
Way-hay-hay-hay
Way-hay-hay-hay-hay-hay
