

And now I am
Too many people thought I was damned, and now I know
And now I am
Too many people raised their hands, so now I'm done for

Remember the good times
So many already lost and gone
So sound the all-call
You gotta wake up, we are wasting away
So gather around, now
Start up the fire and crank up the gears
We're making our own fate
Throw out the past and move along

Don't you want to go home?
Don't you want to feel loved again
When the lights go out and you say goodbye?

Don't you want to go home?
(There's too many heartbreaks here for one)
Don't you want to feel loved again
When the lights go out and you say goodbye?
(Second of all, I know what you've done)

Don't you want to go home?
Don't you want to feel loved again
When the lights go out and you say goodbye?
