## The Mothers of Invention

Did a vehicle  
Come from somewhere out there  
Just to land in the andes?  
Was it round  
And did it have  
A motor  
Or was it  
Something  
Different

Did a vehicle  
Did a vehicle  
Did a vehicle  
Fly along the mountains  
And find a place to park itself

Or did someone  
Build a place  
To leave a space  
For such a vehicle to land

Did a vehicle  
Come from somewhere out there  
Did a vehicle  
Come from somewhere out there  
Did the indians, first on the bill  
Carve up the hill

Did a booger-bear  
Come from somewhere out there  
Just to land in the andes?  
Was she round  
And did she have a motor  
Or was she something different

Guacamole queen  
Guacamole queen  
Guacamole queen  
Guacamole queen  
At the armadillo in austin texas, her aura,  
Or did someone build a place  
Or leave a space for chester's thing to land  
(chester's thing... on ruth)  
Did a booger-beer  
Come from somewhere out there  
Did a booger-bear  
Come from somewhere out there  
Did the indians, first on the bill  
Carve up her hill  
On ruth  
On ruth  
That's ruth
