

Modern Man

The Motors

He's a modern man
He's a modern man

He knows the sexy way
To take off his socks
He makes love longer
'Cause he watches the clock

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He knows the positions
He says he's hip
To a non-possessive
Relationship

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He's a modern man
Yes he's a modern man

He's never sexist
If ever he begins
He goes to the man's groups
And confesses his sins

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man

He's a modern man
Yes he's a modern man
He's a modern man
He's a modern man
