

# Afraid

## The Movement

We not gonna be afraid  
No we not gonna be afraid anymore

We not gonna be afraid

Yeah  
Hate to hear it when you call my name  
Righteous and wicked, man it's all the same  
I try to kill ya off quick but shit, you are a liar (Oo ooh)  
You try to tell us it's OK, that you was just joking  
And then you go and slap us in the faith  
You say we cool but sometimes we feel like we on fire

But we not gonna be afraid  
No we not gonna be afraid anymore  
We not gonna be afraid  
No we not gonna be afraid anymore

Yeah  
We were meant to be the stars that we are  
One with the sun and never far from our heart  
They try to kill the light quick  
Them slick and man, them clever (Oo ooh)  
They say, "I see ya" then they beat ya and mistreat ya  
Out to eat ya, never teach ya  
Nah gonna reach ya except to preach ya  
Yeah but the heathen deceiving are leaving us with believers  
Cause they see we are forever

Yeah  
But we not gonna be afraid  
No we not gonna be afraid anymore  
We not gonna be afraid  
No we not gonna be afraid anymore  
No we not gonna be afraid  
No we not gonna be afraid anymore  
No we not gonna be afraid anymore  
No we not gonna be afraid anymore  
No we not gonna be afraid anymore
