

# Blinded

## The Movement

Blinded by the sun  
You cannot see and so you stumble when you run  
Blinded by the night  
Your delusion and confusion keeps you fleeing from the light  
Blinded by your greed  
You crave possessions when true love is what you need  
The writing's on the wall  
You gotta read it and believe it or you'll fall

It's all about that clean mind state  
You keep running further and further away  
And you're still hungry after you eat  
You're bringing about your own defeat  
So when you need me you just call  
I'll be there to catch you when you fall  
You cannot nod off inside their lies  
Together we'll open up our eyes  
Don't be...

Blinded by the sun  
You cannot see and so you stumble when you run  
Blinded by the night  
Your delusion and confusion keeps you fleeing from the light  
Blinded by your greed  
You crave possessions when true love is what you need  
The writing's on the wall  
You gotta read it and believe it or you'll fall

It's all about that conscious choice  
Cause how can you scream without a voice  
When the words that matter, they get denied  
And strength comes only from deep inside  
And when you need me I'll be there  
To show you the way out when no one dares  
To give you a light to find your way  
And guide you with sight to a better day  
Don't be...

Blinded by the sun  
You cannot see and so you stumble when you run  
Blinded by the night  
Your delusion and confusion keeps you fleeing from the light  
Blinded by your greed  
You crave possessions when true love is what you need  
The writing's on the wall  
You gotta read it and believe it or you'll fall

This should be misery, literally this is their thesis  
You can find positive vibes but through telekinesis  
If you're righteous then you will find the rest of Earth lies in pieces  
Making way in the world for the wicked through cries and appeasements

You will battle for happiness over and over again  
Crawling uphill is a struggle for millions of men  
But if you try then you'll find you get closer and closer again  
Then you can share wisdom with those who are willing to stand

Battle for happiness over and over again...
