

One thing about music
When it hits, I go insane
People, they say they feel no pain
So why do I feel like it's always raining
In my head, there's a wolf
And it's circling and it wants to fight
And curled up in my heart there's an 80 foot anaconda
And it wants to bite
I'm a tiger in a cage, pacing
Hot fire in a rage, racing
Why the fuck do they think they can just lock me up
In a cell, my body wasting
I'm naughty, tasting freedom for the first time
I curse rhymes
And hex every text anybody ever sent me
So let me

Throw up a middle finger
Blast out ya speaker
Break from the chainz and the lead in ya sneakers
Throw up a middle finger
Weak heart get weaker
Break from the chainz
Yeah the strong heart's a seeker

Throw up a middle finger
Blast out ya speaker
Break from the chainz and the lead in ya sneakers
Throw up a middle finger
Weak heart get weaker
Break from the chainz
Yeah

One thing about life
When it's right, I want a sequel
When it bites, I wanna be evil
Believe me, Knieval ain't got shit on me
A couple stunts, everybody gets on me
All the sudden everybody wanna act like
They don't know I'm a little lazy
I'm crazy, been lit all week
Spittle deep
Eat the mic like it belittled me
Take lead from my head and I whittle teak
Carve me a pencil
And I fuck up the pad like a menstrual bleed
Sensual, sweet, I can be
But don't get on my bad side
I'm a bad guy
But we can all be an ass sometimes
And that's why

Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz

Break from the chainz
Break from the chainz
Yeah

Throw up a middle finger
Blast out ya speaker
Break from the chainz and the lead in ya sneakers
Throw up a middle finger
Weak heart get weaker
Break from the chainz
Yeah the strong heart's a seeker

Throw up a middle finger
Blast out ya speaker
Break from the chainz and the lead in ya sneakers
Throw up a middle finger
Weak heart get weaker
Break from the chainz
Yeah
Break from the chainz
Break from the chainz
Yeah

Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz
Break from the chainz
