

# Diamond

The Movement

You're a diamond baby  
And you gave your light to me  
You're a diamond baby  
Yes you shine so brightly  
I look at you and I see stars  
And the stars, they have aligned  
You're my diamond and I will love you  
Until the end of time

Never thought I'd wake up in the morning  
And see the sunshine burning so bright  
Never thought I'd make it out this darkness  
But you led me into the light  
Never knew a love like yours  
Could knock me off of my feet  
But now I know what life can be  
And you made my life complete

Yeah you made my life complete

Never thought I'd look out on the ocean  
Sparks of you just waving at me  
Never thought I'd look up in the night sky  
And see you waiting for me patiently  
Never knew I'd fall so deep, I'd only sing these words true for you  
My one and only precious gem  
Yeah I love how you let your light shine through

You're a diamond baby  
And you gave your light to me  
You're a diamond baby  
Yes you shine so brightly  
I look at you and I see stars  
And the stars, they have aligned  
You're my diamond and I will love you  
Until the end of time

Ever since I started  
Same old situation  
Looking at their faces  
Same old reservations  
It's the same question  
Is it really her for me, for me  
And I cannot explain it  
Something has changed  
I'm losing my wandering eye and impatience  
Looking in the mirror  
Crazy how I finally see  
You right next to me, going nowhere

You're a diamond baby  
And you gave your light to me  
You're a diamond baby  
Yes you shine so brightly  
I look at you and I see stars  
And the stars, they have aligned  
You're my diamond and I will love you

Until the end of time
