

## Get Out

### The Movement

My place is not a home  
Don't make no difference, but I've found  
That I need a place to stay  
Never listen what that [?] say

Should have seen all the thoughts in my house  
We were stomping on walls and kicking ceilings, oh  
Nowadays, people listen to me  
When I say

Hold me and don't let go  
Don't make no difference that you're home  
'Cause I need a place to stay  
[?] just the price I pay

[?] how it used to be  
Oh, yes indeed  
That girl is dead to me now  
And I say

So let he loving take a hold over me  
So let he loving take a hold over me  
Follow me [?]  
All I see is your [?]  
It's 2020, why can't we [?]  
Put your hands together, be the best you can be  
Let this [?] take us to 1993  
Stay positive, the love will come back to me
