

High Roller

The Movement

I see the money then I run for it
Ain't got no time for your vibes, I'm a hustler
Shit, there's only one thing I need
But I can't muster it up myself
I gotta take it man, I lust for it
It's such a fit, me and money
Man, I'd munch on it
If I could then I would eat it
I'm so hungry
And all I think about is honey
I'm a bumblebee
So I don't need to take heed to the mumblings
Of the downtrodden poor
People fumbling around in the alleyway
Below the underpass
I gotta get what's mine
Plus it ain't no fun to ask about your life
If I'm just gonna get a ton of sass
So I do what I gotta do
Really it's just impossible
For me to think about anybody but me
So flee from my property
Kneel before me properly
Then run back to your hovel
With bloodied up knees

Gimme the loot, I'm a high roller
Gimme the loot, yeah I'm a high roller
Gimme the loot, I'm a high roller
Gotsta get mines
Couldn't give a fuck about you

Gimme the loot, I'm a high roller
Gimme the loot, yeah I'm a high roller
Gimme the loot, I'm a high roller
Gotsta get mines
Couldn't give a fuck about you

Now that I'm old
Thought I heard some people whispering
"Can't take it with you when you're gone"
I wasn't listening
All I could see was that gold chalice glistening
When I was at your youngest granddaughter's christening
I used to have a family
But I ain't missing them
I got a vault full of cash I keep my pistol in
In case I gotta cut the fat and keep the gristle thin
Then disappear around the corner while I'm whistling
Massive coronary, don't care
It ain't very scary
Just bury me with my money
Ain't necessary to dare me
Won't tear me away from any
Of my many nickels and pennies
Just let me alone to fend these
Bloodsuckers off before I'm dead meat

I guess I could have gave it up in my will
But I don't consider greed to be a deadly sin
For real, the only thing I ever wanted was to win
Ah hell, now that I'm gone
Think I had the wrong wishing well

Gimme the loot, I'm a high roller
Gimme the loot, yeah I'm a high roller
Gimme the loot, I'm a high roller
Gotsta get mines
Couldn't give a fuck about you

Gimme the loot, I'm a high roller
Gimme the loot, yeah I'm a high roller
Gimme the loot, I'm a high roller
Gotsta get mines
Couldn't give a fuck about you

Gotsta get mines
Couldn't give a fuck about you
