

Make It Through

The Movement

Every time I close my eyes
I see your face
And every time I hear the wind blow
It speaks your name
It feels like since you left
The sun never shines
But I can still feel your loving heartbeat
Next to mine
Yes, I know
I will make it through
These lonely nights
It's hard to face the truth
But I'll be alright
I will make it through
And every night
I'll be missing you
I'll be missing you, ya ya ya

I know I can feel you beside me
But are you real?
Or do I just remember the way that
You made me feel
The nights – they feel so long
Since you've been gone
But I know we'll be together again soon
So I'll be strong

I will make it through
These lonely nights
It's hard to face the truth
But I'll be alright
I will make it through
And every night
I'll be missing you
I'll be missing you
I'll be missing you
I'll be missing you
I'll be missing you every night
I'll be missing you
I'll be missing you
