

# Moonshine

## The Movement

I got nothing but love for Chully's bassline  
I got nothing but love for my herbs  
Just give me something that I can believe in  
Just give me something to justify my words

Just let me have something I can feel and I can see  
Wanna hear the music from the mountain and the beach  
Keep it goin forever as long as we can reach  
The sun and moonshine  
Side by side together we be vile but we breathe  
Through the chalice and the smile you will see we'll never leave  
Cause the peace is in the ganja just as long as we can drink  
The sun and moonshine

I got nothin but love for Gary's snare drum  
I got nothin but love in my cup  
Just give me something that I can believe in  
Just give me something to justify my love

Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun

I got nothing but love for my gifts from god  
I got nothing but love for my band  
We know that we've got something to believe in  
We got something that we can understand

Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun and moonshine  
Lovin Cali livin on sun
