

Putting Up 2

The Movement

I love it when I feel like this
Everything cool man. It is what it is
Don't mess with it
Maybe 'cause I'm born on the east side
Still I take that trip
People come around like they stepped down out a rocket ship
Can't get with it
That's why I'm giving you the peace sign
That's why I'm giving you the peace sign
That's why I'm giving you the peace sign

When ya gonna see that light?
You gotta look around man. You've been trapped inside
Try taking flight
See what it's like at the tree line
Life gonna bring you down
But man, you gotta pick yourself up off the ground
Just don't make a sound
'Cause you know everything gonna be fine
Know everything gonna be fine
Yeah everything's gonna be alright

It's so crazy but it don't faze me
I stay the same
Putting up 2 on the daily

It's so crazy but it don't faze me
I stay the same
Putting up 2 on the daily

Putting up 2 on the daily
Putting up 2 on the daily
Putting up 2 on the daily
Putting up 2 on the daily

It's so crazy but it don't faze me
I stay the same
Putting up 2 on the daily
It's so crazy but it don't faze me
I stay the same
Putting up 2 on the daily

Putting up 2 on the daily
Putting up 2 on the daily
Putting up 2 on the daily
Putting up 2 on the daily
