

## Rescue

## The Movement

I was looking for a way to spread my wings  
I was looking to lift my soul  
I was looking for a way to escape material things  
I was looking to lose control

And music, it was there for me  
My brothers, they were there for me  
And this is what they said

Well ya gotta move fast, make the moment last  
Always keep it humble even when the feelin passes  
When you hear the thunder rumble and your foot is on the gas  
Take a second to be grateful, look up in the sky and ask  
For a lesson yeah this life is such a blessing  
If you're guessing, look around and know you are blessed too  
We've come together to see light in any weather  
We're forever  
We have come to your rescue

I was looking for a way to conquer dreams  
I was looking for one a day  
I was looking for a way to sew up those open seams  
I was looking to run away

And my family, they were there for me  
My friends, they were all there for me  
And this is what they said

Well ya gotta move fast, make the moment last  
Always keep it humble even when the feelin passes  
When you hear the thunder rumble and your foot is on the gas  
Take a second to be grateful, look up in the sky and ask  
For a lesson yeah this life is such a blessing  
If you're guessing, look around and know you are blessed too  
We've come together to see light in any weather  
We're forever  
We have come to your rescue

I was looking for a way to release my pain  
I was looking for some company  
I was looking for someone to scream my name  
I was looking for someone to be

And music, it was there for me  
My brothers, they were there for me  
And this is what they said

Well ya gotta move fast, make the moment last  
Always keep it humble even when the feelin passes  
When you hear the thunder rumble and your foot is on the gas  
Take a second to be grateful, look up in the sky and ask  
For a lesson yeah this life is such a blessing  
If you're guessing, look around and know you are blessed too  
We've come together to see light in any weather  
We're forever  
We have come to your rescue
