

# Say Hello

## The Movement

You got to get up, stand  
Rise to the music jump up  
If you loving what you're doing and never ready to give up  
'Cause we lifting you high right by your boot straps  
Who's that crew keeping them hollerin true that  
You got to wake up, live, love with a bit of energy  
'Cause the rhythm you're sending me is oh so nice  
And I finally found the reason the meaning for my beliefs  
And I been waiting for this my whole life  
And I said  
Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the color of my eyes  
Just don't say good bye  
Don't be afraid  
Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the bluing of the sky  
Just don't say good bye  
Don't be afraid

You got to shape up ship out  
Dip to the music flip out  
If you're loving what you're doing and never ready to give out  
If it sends you a message you're dying to hear  
You better open up your eyes  
Let it find your ears  
You got to wake up, live, love with a bit of energy  
'Cause the feeling you're sending me is oh so nice  
And I finally found the purpose  
It's perfect 'cause I deserve it  
I been waiting for this my whole life  
And I said

Pickin it up from where we left off ya see  
Witches are real and if you don't believe me  
You can flip on the news on any t.v.  
But only music hypnotize me  
So we gonna bump till the break of dawn  
Pass it on the music blasts and lasts the night long  
Live for the sea and be eternally  
Loving because the sweet reggae music makes me

Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the color of my eyes  
Just don't say good bye  
Don't be afraid  
Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the bluing of the sky  
Just don't say good bye  
Don't be afraid

Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the color of my eyes

Just don't say good bye  
Don't be afraid  
Say hello to the table if it turns you  
Say hello to the fire if it burns you  
Say hello to the bluing of the sky  
Just don't say good bye  
Don't be afraid
