

## No Milk Today

## The Mr. T Experience

No milk today, my love has gone away

The bottle stands forlorn

A symbol of the dark

No milk today, it seems a common sight

But people passing by

Don't know the reason why

But how could they know just what this message means

The end of my hopes

The end of all my dreams

How could they know what palace might have been

Behind the door

Where my love reigns as Queen

No milk today, it wasn't always so

The company was gay

We turned night into day

After we played and came up from the dance

Well that was were we sowed

The seeds of old romance

Well how could we know just what this message means

The end of our hopes

The end of all our dreams

Then how could I know what palace might have been

Behind the door

Where my love reigns as Queen

And all that's left is a place dark and lonely

A terraced house in the main-street back of town

Becomes a shrine when I think of you only

Just to help you down

But how could you know just what this message means

The end of our hopes

The end of all our dreams

And how could I know what palace might have been

Behind the door

Where my love reigns as Queen

No milk today, it seems a common sight

But people passing by

Don't know the reason why

No milk today, my love has gone away

The bottle stands forlorn

A symbol of the dark

No milk today (today) (3x)

No milk today (no milk today)
