Yeah, it's a lovely sunny day And I wish it'd go away Cause I'm mean And I've seen it forever

Now did you notice me today
Well I hope not anyway
Cause I hear
That you're thinking I'm so far down

I didn't know what to say
I didn't know what to do
I didn't know anything anymore and
Ooh I'm all blue baby
Ooh I'm all blue so long

And you're ugly through and through And you think you're ugly too And I see what you see And it's so right on

It's a crummy crummy day
To wake up and anyway
Cause I feel what I feel
And I'm so far out

[Repeat Chorus]

And I know what I feel And I do do believe I could never be you So long

And I know what I feel
And I do do believe
Please don't lean on me
Ever too long (ever)
Please don't lean on me
Ever too long (ever)
Please don't lean on me
Ever too long
Ever too

Everytime long Ever no
