

# And I'm Happiest

The Muffs

You are my dream come true  
I hope you understand that I love you  
No matter what and now you know  
Only quietly dreaming  
Or completely loving tens  
Doesn't matter, I'm forever

When I look at you  
And I swear it's true  
And I've never been this way  
And I never just come out and say  
I wanted you  
And I swear it's true  
You're amazing and forever  
And I'm happiest

And when you laugh I do  
It's funny to admit it but it's true  
I just like seein' you this way  
Everything it's so easy  
But it's hard, and when we spat  
But it's done before you know it

When I look at you  
And I swear it's true  
And I've never ever been this way  
And I never ever just come out and say  
I wanted you  
And I swear it's true  
You're amazing and forever  
And I'm happiest

Maybe we go around forever  
Or maybe we stay at home  
Maybe we'll do nothing at all  
And anything's fine with me

Only quietly dreaming  
Or completely loving tens  
Doesn't matter, I'm forever

Yeah I wanted you  
And I swear it's true  
And that I've never been this way  
And that I'll never just come out and say  
I wanted you  
And I swear it's true  
You're amazing and forever  
And I'm happiest

Running around with you is so great  
Running around with you my dream come true
