

Pacer

The Muffs

Now I'd like to get back
I'd like to get to the other side
Just to think, you were just passin' by

Ridin' around
You spat in my eye
Just to think, you were just passin' by

We were eye to eye
Breezing by
You broke the pace
Just a twisted kid, never learned to ride

Now my wheels are off the ground
They keep spinnin' 'round
Just to think, you were just passin' by

We were eye to eye
Breezing by
You broke the pace
Just a twisted kid, never learned to ride

Now my wheels are off the ground
They keep spinnin' 'round
Just to think, you were just passin' by

Now I'd like to get back
I'd like to get to the other side
Just to think, you were just passin' by
