

Slow

The Muffs

Ooh ooh ooh I don't care and I don't mind
If I ever wanna leave this past behind me
Everyone is doing fine
'cept I need a little piece of mind

and I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know
Pretty one or pretty face

And I wanna get away from this old place now
Every time and every day
Well I gotta learn to get away

And I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know

And I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know

Ooh ooh ooh
