

Where Did I Go Wrong

The Muffs

Yeah, am I pity too?
Thought I had a good idea but I only had a few
And I don't quite understand
Where did I go wrong?

And now what do you say?
Maybe me and my big mouth should just finally go away
And sail around the world
Where did I go wrong?

I went, and now I'm sorry, oh so sorry
Amazing as it seems, I want to see you and I need you

And maybe you will see
That I'm feeling so contrite, but I'll never say you're right
Why don't you understand?
Where did I go wrong?

I went, and now I'm sorry, oh so sorry
Amazing as it seems, I want to see you and I need you

And maybe you will see
That I'm feeling so contrite, but I'll never say you're right
Why don't you understand?
Where did I go wrong?
