

## Loud as a Whisper

## The Murder of My Sweet

Sunlight in snow  
Melting my frozen heart  
Sneaking away  
Wishing to see your face

As I turn around  
Distant voices I hear  
Speaking softly to me

Loud as a whisper  
You enter the woods  
Loud as a whisper  
You rescue my heart  
Loud as a whisper  
You make me your slave  
Aphrodisiac is the spell  
I am blown away by you  
I am thrown away by you

Silence is cruel  
Awaking a song unheard  
Numb by the cold  
Comfortably letting go

Heal my frozen blood  
Like the voices I hear  
Speaking softly to me

Loud as a whisper  
You enter the woods  
Loud as a whisper  
You rescue my heart  
Loud as a whisper  
You make me your slave  
Aphrodisiac is the spell  
I am blown away by you  
I am thrown away by you

I sleep in your lake made of promises tonight  
I eat from the hand that's been feeding you the lies  
You wake by my side  
Softly caring and warm  
As my soul is reborn

Loud as a whisper  
You enter the woods  
Loud as a whisper  
You rescue my heart  
Loud as a whisper  
You make me your slave  
Aphrodisiac is the spell  
I am blown away by you  
I am thrown away by you
