

## Toy

The Murmurs

Stranger licks, but this hurts better  
Slimy tickles on my bones  
I'm having a thrill with my jet setter  
I just don't want to be alone  
I just don't want to be alone

If you decide what makes up my mind  
Then you belong in bed alone  
If you don't know what's aching me  
If you can't stand to watch  
Then you're a liar cause your hands won't let you stop

I want you to be my favorite toy  
We'll play a game of house  
You be the girl I'll be the boy  
I want to throw you down  
And put you in my mouth  
We've got to figure something out

I have made a fool of you  
I'm leaving with no excuse  
Can you tell me again how cute I am  
Then I can let you loose

Lately I've been so scared, so scared  
Lately I've been so bad, so bad

I want you to be my favorite toy  
We'll play a game of house  
You be the girl I'll be the boy  
I want to throw you down  
And put you in my mouth  
We've got to figure something out
