

## Tired Animal

The Mysterines

Here come the parasites haunting  
Embryos in stagnant water floating  
Child of this kingdom  
Please do not awaken  
What is inside  
Mechanical salvation

Can you hear its heart beating  
Or do you just think you can feel it?

You're just a tired animal  
Fractured and hollow  
Veering slowly  
Losing identity

Dragonfly, I beg you understand that I didn't mean to  
Set fire to your graceland

Can you hear its heart beating  
Or do you just think you can feel it?

Can you hear its heart beating  
Or do you just think you can feel it?  
Can you hear its heart beating  
Or do you just think you can feel it?
