

Dizzy

The National Parks

Your love makes me dizzy
Every time you're with me
The room we're in starts spinning
And I can't see
The floor from the ceiling
Giving me this feeling
That even though I'm reeling
Is clear to me

Don't you know you're so lyrical
You're the words of every song
Every step with you's a miracle
Looking back to where we come from
The cobblestone streets and the humid heat
Every day without you is incomplete

So, won't you tell me that you'll stay
Something about you makes me can't see straight

Your love makes me dizzy
Every time you're with me
The room we're in starts spinning
And I can't see
The floor from the ceiling
Giving me this feeling
That even though I'm reeling
Is clear to me

Your love makes me
Dizzy, dizzy, dizzy

And when we're old and we're looking back
I think we'll see it like a movie on a screen
I didn't know life could be like that
If I didn't live it, I don't know if I'd believe it

Yeah even when I'm 93 I'll say
Dear something about you makes me can't see straight

Your love makes me dizzy
Every time you're with me
The room we're in starts spinning
And I can't see
The floor from the ceiling
Giving me this feeling
That even though I'm reeling
Is clear to me

Your love makes me
Dizzy, dizzy, dizzy

Ohhhh your love, your love
Ohhhh your love, your love
Ohhhh your love makes me

Dizzy
Every time you're with me

The room we're in starts spinning
And I can't see
The floor from the ceiling
Giving me this feeling
That even though I'm reeling
Is clear to me

Your love makes me
Dizzy, dizzy, ohhhh
Dizzy, dizzy, ohhhh

Your love makes me
