

It's Christmas And I Like You

The National Parks

I feel the cold wind blown into town
And it feels like a dream
I watched the first snow fall to the ground
Do you know what that means

Oh it's Christmas
And I like you
Yes it's Christmas
Whooo

The glowing sky reflects in your eyes
As we're on our way
Down streets a fire
I can hear the choir
Makes me want to say

Oh it's Christmas
And I like you
Yes it's Christmas
Whooo

I feel it in the air
I feel it in my heart
It's the feeling that you get
When you standing at the start
I see it in the lights
I see it in the streets
I see it in your eyes when you're standing next to me

And oh whoa oh
It's Christmas
And I like you
Yes it's Christmas
Whooo

Oh it's Christmas
And I like youu-oo
Oh it's Christmas

Standing in the cold
We watch the air we breathe
Drift up into the sky and never want to leave
And if we listen close
We can almost hear
The faintest hint of bells as you whisper in my ear
It's Christmas
And I like you
Yes it's Christmas
Whooo
